

... empowering the future of project management.

PMI-WA Chapter Scholarship Foundation Application Form

We are pleased that you are interested in pursuing a career in project management. The Foundation has established a tuition scholarship program to assist qualified students in obtaining degrees from accredited academic institutions of higher learning in the field of project management. Scholarships are sponsored by PMIWA Chapter and various corporate organisations. The program is open to any student preparing to enter or already attending an accredited degree-granting college or university. Scholarships are available for students at the bachelor, masters or doctoral level.

To expedite the processing of your application, please assist us by carefully reading the instructions and filling the form below.
